0-Breadth		Milestone 1 Yr 1 and Yr2	Activities (that relate to Threshold Concepts and the Milestone indicators)
History			
<p><u>Significant Person</u></p> <p><u>Mary Anning</u></p> <p><u>Vocabulary (a selection from)</u></p>	Investigate and interpret evidence	<ul style="list-style-type: none"> Observe or handle evidence to ask questions and find answers to questions about the past. Ask questions such as: What was it like for people? What happened? How long ago? Use artefacts, pictures, stories, online sources and databases to find out about the past. Identify some of the different ways the past has been represented. 	<p>Lesson 1: Timeline possibly including dinosaurs/Guy Fawkes/Neil Armstrong moon landings/Mary Anning/Boris Johnson Prime Minister/when you were born.</p> <p>Lesson 2: Show the children the egg that has been found in the playground. What kind of animal do you think could have laid the egg? Look at the size of it, how big do you think this creature would have been? Read the story 'Stone girl, bone girl' to the chn. What did Mary find? Why was this discovery so exciting? Show pictures of fossils. Discuss what they can see with talk partners.</p> <p>Lesson 3: Watch Mary Anning film The life and work of Mary Anning - Bing video Question children throughout – why do you think she did not go to school? Do you think her family had much money? Do you think she lives in a town or city? In pairs, children to order the events to represent Mary Anning's life so far.</p> <p>Lesson 4: Read story 'Stone Girl Bone Girl' again and discuss what chn already know about Mary Anning. Watch video on http://www.bbc.co.uk/schools/primaryhistory/famouspeople/mary_anning/ Discuss why Mary Anning is famous and read through the information on the website.</p>
	Build an overview of world history	<ul style="list-style-type: none"> Describe historical events. Describe significant people from the past. 	<p>Question chn throughout - why do we remember Mary Anning? What is she famous for? People had found fossils before - why was her discovery so</p>

		describe the passing of time.	
Geography			
The United Kingdom, including a study and comparison of the four countries <ul style="list-style-type: none"> What is the UK? How does it differ from GB? Identify the four countries of the UK and locate on a map. Flags of the UK. Seas around the UK. England, N. Ireland, Scotland, Wales – incl. capital and major cities, borders, urban vs rural, landmarks Compare and contrast countries of UK 	Investigate places	<ul style="list-style-type: none"> Ask and answer geographical questions (such as: What is this place like? What or who will I see in this place? What do people do in this place?). Identify the key features of a location in order to say whether it is a city, town, village, coastal or rural area. Use world maps, atlases and globes to identify the United Kingdom and its countries, as well as the countries, continents and oceans studied. Use simple fieldwork and observational skills to study the geography of the school and the key human and physical features of its surrounding environment. Use aerial images and plan perspectives 	<ol style="list-style-type: none"> Recap the countries of the UK and find on a map (atlas). Discuss the difference between Great Britain and the UK. Draw / colour the flags of the UK and match to the names of the countries. England focus – what is the capital city, England flag, the seas surrounding England, Pennine hills, different land uses across the country and why people move areas. Scotland focus – Flag, symbol, the seas surrounding, The Highlands, what is the highest peak? What do they call a lake? Locate Loch Ness, Capital city of Scotland, which areas are remote? What does the word inhabitants mean? Difference between the lowlands and the highlands. Wales – Flag, Seas surrounding, highest peak, national park, Wales – rural or urban? Cities in Wales – mark on a map, Tourist activities in Wales/ in the past how did Wales make most of its money, how has that changed now? Northern Ireland – flag, its location, surrounding seas, capital city. Giants causeway, largest rivers. Locate and name the cities – land rural or urban? Conflict in Northern Ireland.

<p>Grouping Data</p> <p><u>Vocabulary</u></p>		<p>communicate ideas, work and messages.</p>	<ol style="list-style-type: none"> 1. Explore the keyboard: the learners will familiarise themselves with a word processor and think about how they might use this application in the future. The learners will also be identifying and finding keys, before adding text to their page by pressing keys on a keyboard 2. Adding and removing text: learners will continue to familiarise themselves with word processors and how they can interact with the computer using a keyboard. The learners will focus on adding text and will explore more of the keys found on a keyboard. Finally, they will begin to use the backspace button to remove text from the computer. 3. Exploring the toolbar: learners will begin to explore the different tools that can be used in word processors to change the look of the text. Learners will use the Caps Lock key to add capital letters to their writing and will begin thinking about how to use this successfully. The learners will match simple descriptions with the key that they relate to. Finally, learners will begin exploring the different buttons available on the toolbar in more detail, and use these to change their own text. 4. Making changes to text: learners will begin to understand when it is best to change the look of their text and which tool will achieve the most appropriate outcome. The learners will begin to use their mouse cursor to select text to enable them to make more efficient changes. They will explore the different fonts available to them and change the font for their lost toy poster. 5. Explaining my choices: learners will begin to justify their use of certain tools when changing text. The learners will decide whether the changes that they have made have improved their writing and will begin to use 'undo' to remove changes. They will begin to consolidate their ability to select text using the cursor, through double-clicking and clicking and dragging. The learners will be able to explain what tool from the toolbar they have used to change their writing. 6. Pencil or keyboard?: learners will make comparisons between using a computer for writing and writing on paper. The learners will discuss how the two methods are the same and different, and think of examples to explain this. They will demonstrate making changes to writing using a computer to compare the two methods. Finally, the learners will begin to explain which they liked best, and think about which method would be the best method to use in different situations.

			<p>Grouping Data</p> <ol style="list-style-type: none"> 1. Label and Match - In this lesson, pupils will begin to understand that objects have many different labels that can be used to put them into groups. They will name different objects and begin to experiment with placing them into different groups. Pupils will also label a group of objects, and begin to understand that an object can fit into more than one group depending on the context. 2. Group and Count - In this lesson, pupils will begin to think about grouping objects based on what the objects are. They will demonstrate the ability to count a small number of objects before they group them, and will then begin to show that they can count groups of objects with the same property. Pupils will also begin to learn that computers are not intelligent and require input from humans to perform tasks. 3. Describe and object - In this lesson, pupils will begin to understand that objects can be described in many different ways. They will identify the properties of objects and begin to understand that properties can be used to group objects; for example, objects can be grouped by colour or size. Finally, pupils will demonstrate their ability to find objects with similar properties and begin to understand the reason that we need to give labels to images on a computer 4. Making different groups - In this lesson, pupils will classify objects based on their properties. They will group objects that have similar properties, and will be able to explain how they have grouped these. Pupils will begin to group a number of the same objects in different ways, and will demonstrate their ability to count these different groups. 5. Comparing groups - In this lesson, pupils will choose how they want to group different objects by properties. They will begin to compare and describe groups of objects, then they will record the number of objects in each group 6. Answering questions - In this lesson, pupils will decide how to group objects to answer questions. They will compare their groups by thinking about how they are similar or different, and they will record what they find. They will then share what they have found with their peers.

Music

Y1

How does music make the world a better place?

1. If you're happy and you know it
2. Sing me a song
3. Sparkle
4. Rhythm in the way we walk
5. Big bear funk
6. Assessment point

How does music help us understand our neighbours?

1. Days of the week
2. Name song
3. Cuckoo
4. Upside down
5. Hush little baby

Vocabulary

Keyboard, drums, bass, electric guitar, saxophone, trumpet, pulse, rhythm, pitch, improvise, compose, audience, question and answer, melody, dynamics, tempo, perform/performance, audience, rap, Reggae, glockenspiel.

Pulse – the regular heartbeat of the music; its steady beat.

Perform

- Take part in singing, accurately following the melody.
- Follow instructions on how and when to sing or play an instrument.
- Make and control long and short sounds, using voice and instruments.
- Imitate changes in pitch.

See separate planning documentation from Charanga.

- Start to learn the song
- Sing the song
- sing the song and play instrumental parts within the song.

Compose

- Create a sequence of long and short sounds.
- Clap rhythms.
- Create a mixture of different sounds (long and short, loud and quiet, high and low).
- Choose sounds to create an effect.
- Sequence sounds to create an overall effect.
- Create short, musical patterns.
- Create short, rhythmic phrases.

Warm up games
Flexible games (optional)
Improvise
Compose

A PRIORY ACADEMY

- About how different strengths and interests are needed to do different jobs
- About people whose job it is to help us in the community
- About different jobs and the work people do.

Self image and identity: *If something happens that makes me feel sad, worried, uncomfortable or frightened I can give examples of when and how to speak to an adult I can trust and how they can help.*

Healthy Me

1. Being healthy

I understand the difference between being healthy and unhealthy, and know some ways to keep myself healthy

I feel good about myself when I make healthy choices

2. Healthy choices

I know how to make healthy lifestyle choices

I feel good about myself when I make healthy choices

3. Clean and healthy

I know how to keep myself clean and healthy, and understand how germs cause disease/illness

I know that all household products including medicines can be harmful if not used properly

I am special so I keep myself safe

4. Medicine safety

I understand that medicines can help me if I feel poorly and I know how to use them safely

I know some ways to help myself when I feel poorly

5. Road safety

I know how to keep safe when crossing the road, and about people who can help me to stay safe

I can recognise when I feel frightened and know who to ask for help

6. Happy, Healthy Me

Assessment Opportunity

I can tell you why I think my body is amazing and can identify some ways to keep it safe and healthy

I can recognise how being healthy helps me to feel happy
