A little bit of kindness

A little bit of kindness in your day
will bring a lot of happiness your way.

It doesn't take a lot to stop and say,
'Can I help you?'

A little bit of kindness here and there
Will show a lot of people that you care.
It's something you can practise anyway
If you want to!

will bring a lot of happiness your way.

Will show a lot of people that you care.
It's something you can practise anyway
If you want to!

What a difference we can make,
When we brighten someone's day,
Is there any better way to be happy?
Just a little thing or two,
It's not difficult to do,
Will be just as good for you as each
other!
