

It's good to be me!

I'm Special

# ELMER

David McKee

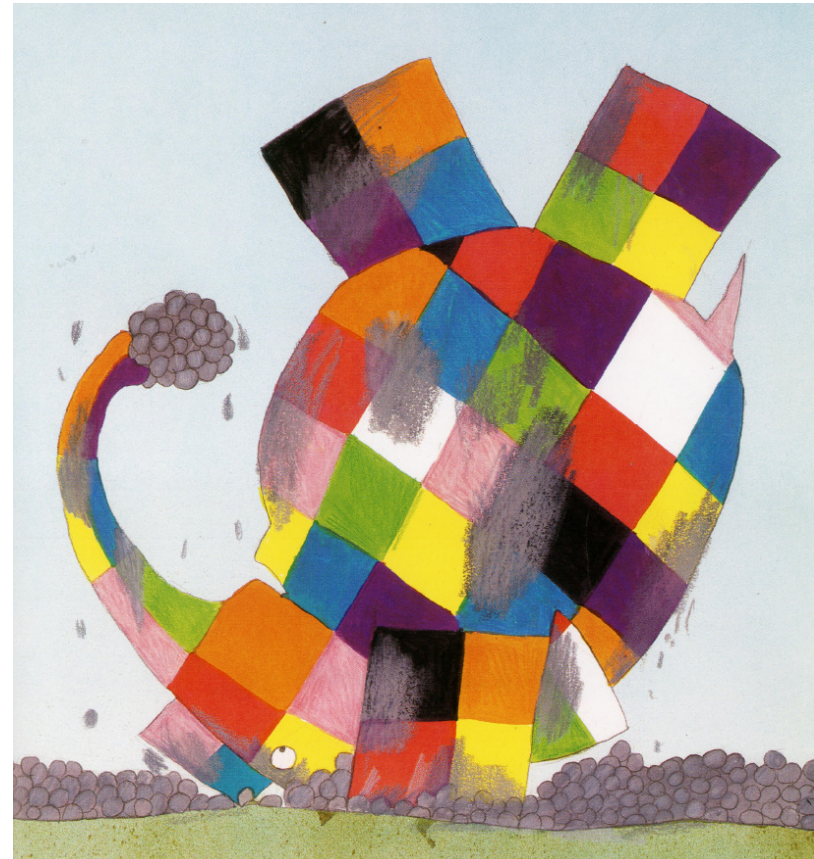

# Elmer is different

- What is he like?
- What type of personality has he?
- Is he popular?
- What happens in the story?

# Elmer: The Story

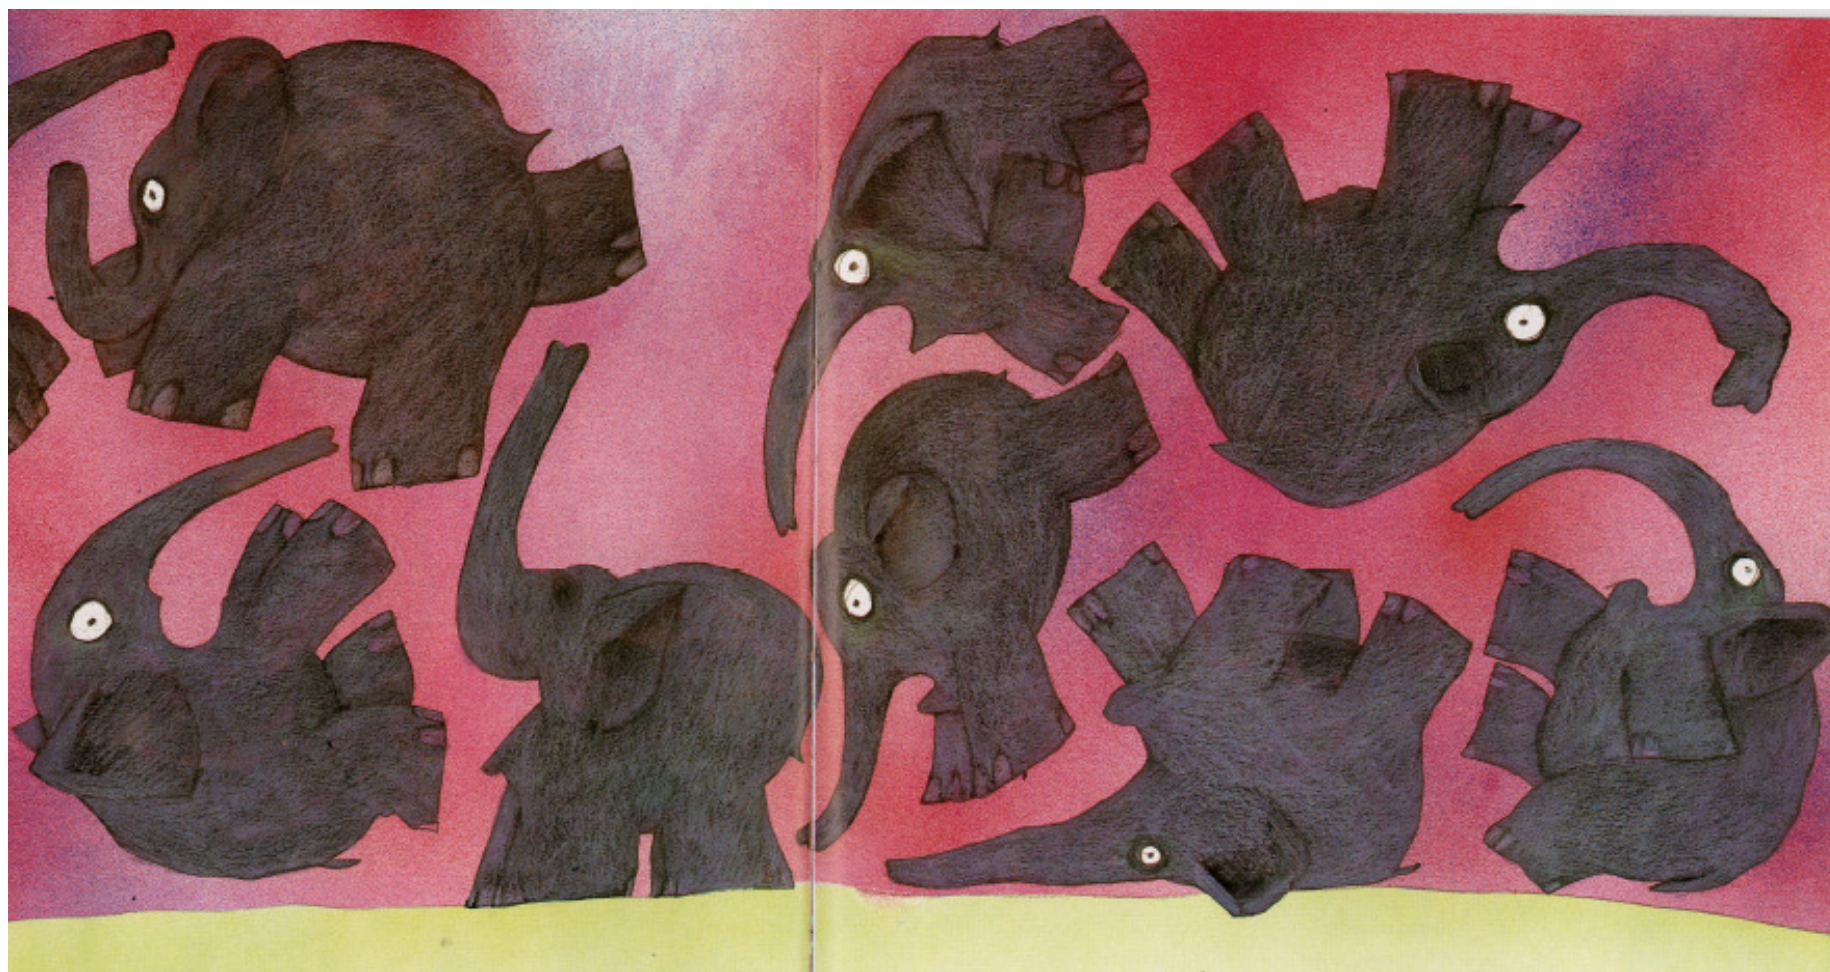

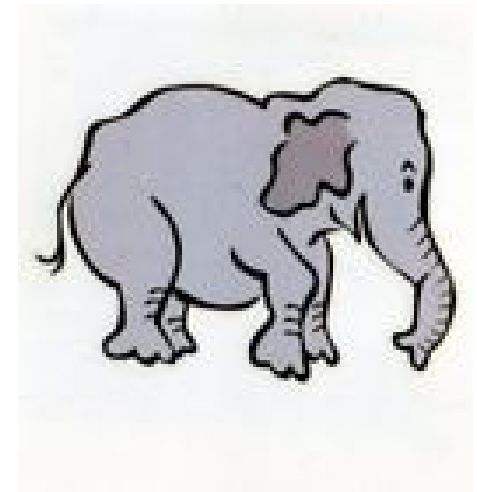

# Elmer just wants to be like everyone else

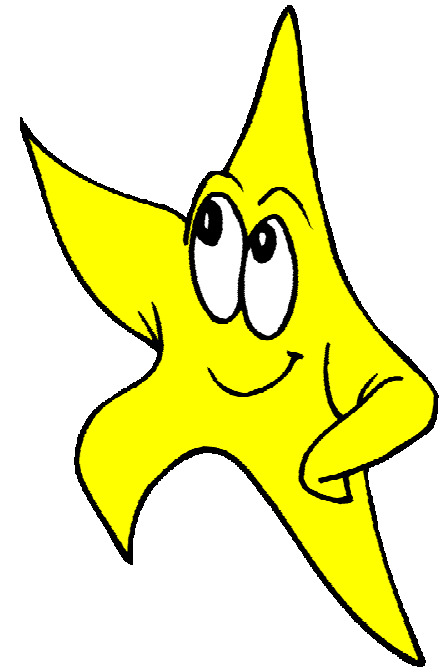

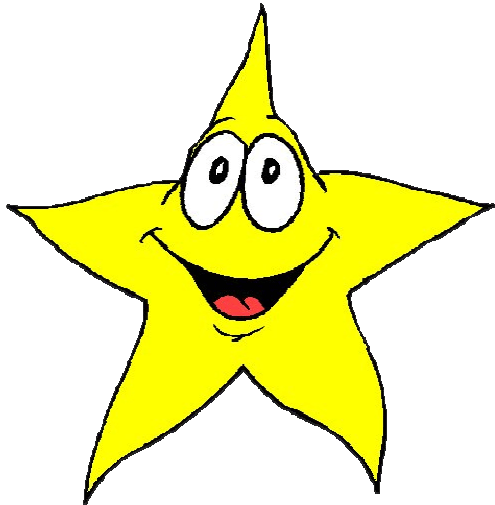

- He thinks that is right
  - Grey
  - Dull
  - Exactly the same
- Which of course they are not!

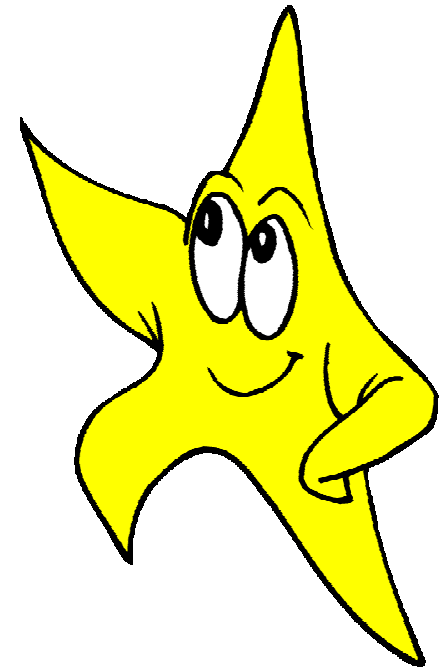

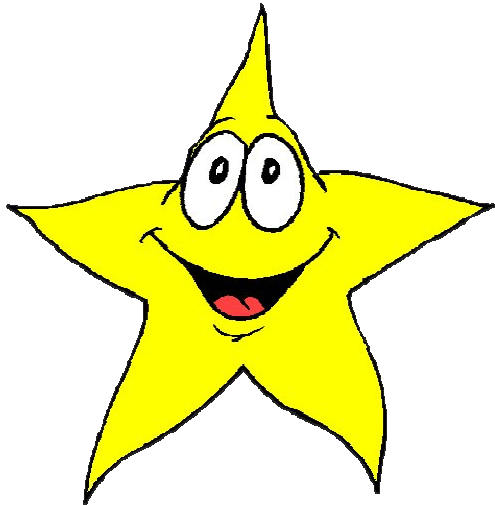

# Elmer is a bit like a star

- He is different
- He is a shining light – just like you all
- He brings warmth and light to others – just like you all

# Switch the light off.....

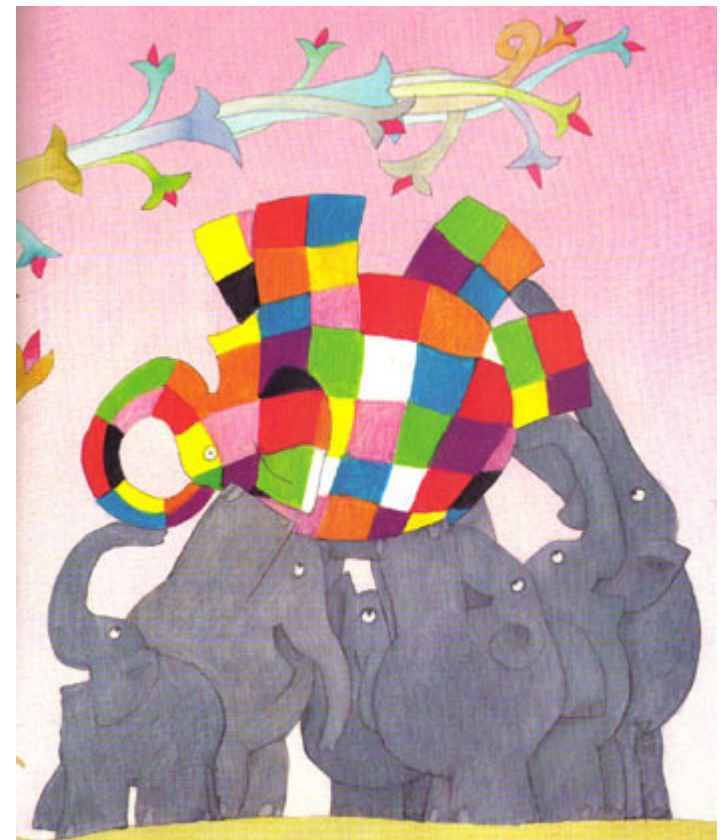

- Try to be something else.....
- Try to be like others.....
- .....and the light is switched off!

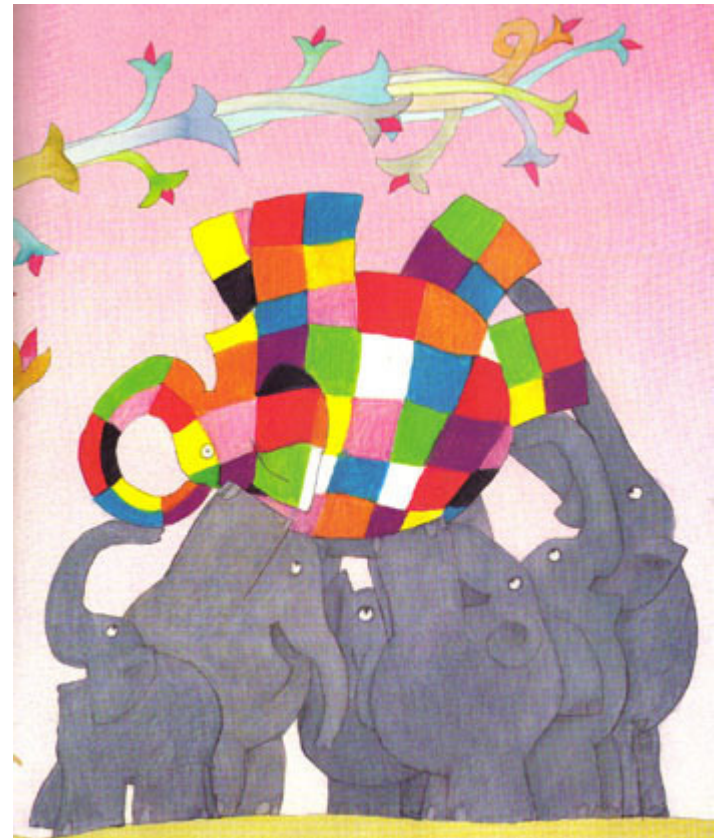

# They love Elmer because of the differences

- You are very similar to Elmer
- You are all special
- You are all different

# Being Special

- You have your own way of being special
  - Understand others
  - Understand ourselves
  - Physical
  - Artistic
  - Musical
  - Mathematical
  - Languages
  - Nature

# Sometimes when sad....

- ....it's hard to remember what makes us special

It's good to be me!
